↖ 90x140mm safe zone

100x150mm print area

Parts of the 100 x 150 print area may be trimmed.

90x140mm safe zone

Place all important text and logos inside this zone.
Anything outside the safe area may be trimmed
or may sit too close to the edge.

Use a font size that remains readable once printed.
Minimum recommended size is 6 pt.
Use solid colours with strong contrast.
Do not place text outside the safe area.

A small white border will appear around your printed label.
